Harvest & Thanksgiving

WILL I HAVE ENOUGH?

Pumpkins and apples remind us that we are in a season of harvest and Thanksgiving. It is also a season when churches and believers reflect on God's goodness and blessings and consider how we will respond.

Yet, with rising prices, inflation, and ongoing global conflicts, we may find ourselves wondering, *"Will I have enough?"* These concerns and questions about finances, giving, and stewardship are real.

So, in the coming weeks, let us wrestle honestly with those concerns—and perhaps even our fears—in light of God's Word. Together, we will seek to discover new and faithful ways to respond to God's goodness and to live as people in God's abundance.
